

RIDDLE HIDER GUIDE

Cut out the following 10 riddles and hide them along with the number of care package items listed in the RIDDLE HIDER KEY. It does not matter which care package items you hide as long as you hide the correct amount of them. Remember to fill out the key as you go so you don't forget! Your team should have 21 care package items after they have found all the riddles.

PRO TIP: Have fun hiding the riddles in their spots! Tape them, fold them, roll them or put them under items. Make it harder for more fun!
